

Meeting Minutes Buddina Community Garden 2 August 2012

Outcome of Buddina Community Garden Fundraiser sausage sizzle at Slimline Tanks Auction – It was a fantastic day. We made approximately \$300 and paid expenses of \$124.79. We have many soft drink cans left to sell at our next sausage sizzle early September. Ian has been reimbursed.

Garden Bed Manager Suzie gave a brief outline of plot availability. She will send a report to Elise and Chris and update the committee at the next meeting.

Treasurer Chris did was absent this meeting though Elise will pass relevant information on.

Michael Hunt from SCRC attended this meeting to discuss ideas about forming an alliance between all community gardens on the Sunshine Coast in the future. Elise initiated the idea to meet every quarter to share our ideas and experiences, plus also organise workshops together.

The group put together our ideas about the turtle. We divided up the turtle into different numbers and labeled a design with these numbers. Some parts of the gardens will represent continental gardens.

1. Edible flowers – Asian greens
2. Edible flowers / European greens
3. Edible flowers/ African greens
4. Parsley
5. Coriander
6. Lettuce – Planting to create an aboriginal pattern with two different types of lettuce.
7. Bush foods
8. Bush foods
9. Edible Flowers – Australian greens
10. Australian native plants
11. Edible flowers – American greens

The committee moved that any further construction on the site must be approved at meetings prior to construction.
